PROFILE

The nature of my academic studies along with the work experience I have gained and the extracurricular activities wherein I have participated have shaped the person I am today. Having acquired extensive business knowledge... Now, I'm a trainee in ITI (cloud platform development track) to start my way to be a DevOps engineer with a solid business background.

EDUCATION

ITI - Smart Village
Cloud Platform Development
2020 - 2021

Mansoura University
Faculty of commerce
2015 - 2019

SKILLS

- Public Speaking
- Problem Solving
- Leadership

EXPERIENCE

Ground Handling Agent
Link Aero - Cairo Airport | Feb 2020 - Sep 2020

Handle the commercial, private and military aircraft, and coordinate activities during the ground time to provide fast and efficient services.

Business Developer
Link Cargo | Nov 2019 - Feb 2020

I was maintaining the existing sales pipeline and Take a lead role in the development of proposals and presentations for new business opportunities and partnerships.

Customer Service Representative
Xceed (WE - Gold Account) | Aug 2019 - Nov 2019

I was managing and resolve customer complaints, and sell products and place customer orders in the computer system.

EXTRACURRICULAR ACTIVITIES

TEDx
PR Committee Member | 2018 - 2019

I act as a liaison between this NGO and the stakeholders with the purpose of holding successful events.

AIESEC
Incoming Global Volunteer | 2017 - 2018

I was bringing in young talent from around the world on long term internships.
